Receipts have an MBA degree from The London School of Business & Finance and working experience in various areas of management: -Project Management Software -Product Management -IT Service Management PMP aspirants constantly seek the source of the PMP examination to assist them in lessons. I did the same. I used to search the internet to find free PMP exam review material. During my search, I found many websites, blogs, and forums. A handful of them are good sources but the internet is full of ingredients and it is impossible to review all available resources online. Most of these resources are invalid or updated with the latest edition of the PMBOK Guide. It is not easy to find the highest quality PMP examination source. After passing the PMP exam, I saved a list of the resources I used and then I forgot about it. A few days ago, I found it on my computer, and it reminded me of the struggle to find a good source of PMP exam studies. Since I now have my blog, I publish my list so that PMP aspirants can take advantage of it and focus on their review instead of wasting time on internet search. I have reviewed these resources to ensure its authenticity. This is of high quality and is in line with the latest exam content guidelines. I'm not going to give you hundreds of resources and leave you confused in deciding which one is the best. My intention is to provide you with enough resources to prepare and pass the exam. Stick to these high-quality resources and focus your efforts on learning. The PMP Resources! Examination Review has divided the source of the PMP examination review into four parts: Training Program Reference Books Sample Questions Other Resources Unless you are an active CAPM, you must attend a 35-hour training course in project management.
